“...encourage one another and build each other up...”

1 Thessalonians 5:11.

BEHAVIOUR AND ANTI BULLYING POLICY

OBJECTIVES

1. To create an ethos of good behaviour in school where pupils feel happy, secure and safe.
2. To ensure that everyone is treated fairly and is shown respect.
3. To promote good relationships.
4. To help pupils lead disciplined lives and to understand that good citizenship is based upon good behaviour.
5. To build a school community which follows our 6 Golden Rules which are based on our Christian values of friendship, thankfulness, trust, forgiveness, compassion and koinonia.

OVERVIEW

Good behaviour is central to all that we do at Davenham, where gospel values permeate our daily life.

Good behaviour is conducive to promoting our objectives to support teaching and learning including an abidance of the school and class rules. Our overall aim is to encourage pupils to be good citizens in their immediate community and the wider world.

High standards of behaviour will be expected and promoted at all times in lessons and throughout every aspect of the school's life.

OUR SCHOOL MOTTO, BIBLE QUOTE AND GOLDEN RULES

Our school motto ‘Working together, playing together, serving God and serving others,’ and our Bible quote ‘...encourage one another and build each other up,’ are known by all staff and pupils in school and permeate all aspects of school life. Our Golden Rules are based around our six Christian values of friendship, thankfulness, trust, forgiveness, compassion and koinonia.

**As a school family, we want to live in harmony
and so we will...**

Listen to and care for one another.
Be thankful for one another, our belongings and our
environment.

Respect, value and celebrate our differences.

**As a Christian community we want to be friends
who...**

Trust one another.

Say we are sorry if we upset or hurt others
And forgive one another when things go wrong.

THE FOUR STEPS

The 4 Steps aim to empower pupils to resolve minor disputes.

Sometimes when you work together and play together there can be disagreements.

Very often these are small things and can be sorted out all by yourself. The Four Steps are steps to help you try to sort out these kinds of small problems.

Sometimes, you will need a grown up to help, if the problem is a bigger one.

STEP 1

IGNORE THE PROBLEM

Lots of small problems go away if you ignore them.

STEP 2

WALK AWAY

Walk away or go and play with someone else, or somewhere else. Leave the problem behind.

STEP 3

ASK THEM TO STOP!

It's fine to do this. The person might not realise they are annoying you.

STEP 4

TELL A GROWN UP

If you have tried steps 1, 2 and 3 then you are not telling tales!

CLASS RULES

In addition to our Golden Rules, each class will agree up to 8 of their own Class Rules at the beginning of each academic year. These may be revisited from time to time if necessary.

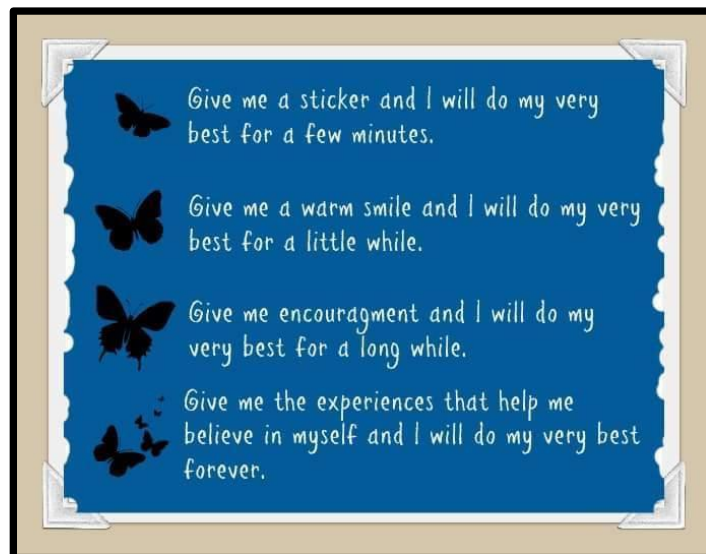

STAFF EXPECTATIONS

All staff should understand that they are role models and thus pupils will constantly be learning appropriate interactions from them.

Staff at Davenham will use a positive approach including being considerate and polite to the pupils, thus displaying the behaviour and attitudes that they are supporting the pupils to learn.

There must be continuity and consistency as a common approach for dealing with problems.

STRATEGIES

First and foremost, we do not use reward systems such as stickers, marbles in a jar or team points as we believe the impact from such systems is very short lived. Our behaviour expectations are based around a climate of mutual respect and our Christian values.

- At the beginning of each year, the class teacher and pupils will agree a set of up to 8 class rules which will be displayed in the classroom. These rules will be worded positively and may be reviewed during the course of the year to reflect the needs of the class.
- Pupils will be taught to be polite, respectful, well-mannered and well behaved through teaching, discussion and by example.
- All pupils have access to a Worry Box in their classroom and on the head teacher's door. These boxes should be checked daily and any issues dealt with promptly.
- Relationship and Sex Education lessons provide support and advice around creating and maintaining healthy and safe relationships.
- Lessons around internet safety provide support and advice around appropriate behaviour online and staying safe online.
- Praise is the main vehicle used to reward positive behaviour.
- Teachers and the head teacher have postcards which may be sent home from time to time to praise exceptional or improved behaviour.
- The Fruits of the Spirit certificates recognise pupils who have displayed Christian Values during the course of the week.
- We have a number of ELSAs (Emotional Literacy Support Assistants) who can offer bespoke sessions to individual children. This support may include sessions around behaviour and changing behaviour.
- We will work in partnership with parents / carers to ensure that the school's values become central to the lives of learners.
- Parents / carers are encouraged to inform their child's teacher of anything which they feel may affect their child's behaviour, for example changes in family circumstances, bereavement or illness.
- Where a member of staff needs further advice and support, they should discuss this with their line manager or a member of the SLT.
- The head teacher, assistant head teacher and a number of other staff have completed Team Teach training. These members of staff are able to provide support should a child display behaviour which has escalated or has the potential to escalate to hurting themselves or others. In this event, the list of consequences above may not always be followed in order to protect the child and/ or others. The support could include guiding the pupil to a safe space using Team Teach holds. Any such incidents will be recorded on CPOMS and the Team Teach Records. This training will be repeated every three years.

CONSEQUENCES (refer also to Anti Bullying Policy and Exclusion Policy)

Pupils are encouraged to find ways of managing their behaviour themselves but on occasions there may be a need for a consequence for poor behaviour. These consequences are generally sequential, but in some more serious cases this may not be the case. Staff use their professional judgement and understanding of the children in their care to decide the most appropriate actions.

- Initial warning.
- Second warning.
- Final warning.
- Thinking time.
- Miss playtime / other privilege.
- Move to another classroom for a period of time.
- Involvement of the Key Stage Lead.
- Involvement of the Head teacher.
- If a child does not respond to these initial consequences then the head teacher may request an interview with parents/ carers and the child.
- An individual behaviour plan may be adopted with SMART targets.
- If the consequences set out above fail to be effective then the pupil may be temporarily suspended for up to 5 days in accordance to the Local Authority Pupils' Service Exclusion and Suspension Guidelines. (see Exclusion Policy)
- In extreme cases a learner's bad behaviour or failure to respond to help, support and other sanctions may result in the child being permanently excluded from school by the Head teacher in accordance to the Local Authority Pupils' Service Exclusion and Suspension Guidelines.

*These consequences tend to be sequential but this may not always be the case, depending on the severity of the behavior.

DISABLED PUPILS AND PUPILS WITH ADDITIONAL EDUCATIONAL NEEDS

There is a clear difference between routine mis-behaviour and pupils who struggle with their behavioural, emotional, or social development to such an extent that it becomes a barrier to their learning despite the usual interventions of the school. Pupils may display disruptive or challenging behaviour for a range of different reasons, which may be known to school or may be hidden. Pupils may not be accessing their education or making progress, have problems with language and / or communication, have postural difficulties or mental health needs. There could also be issues outside school that staff are unaware of, but which have a negative impact on a pupil's behavior.

At Davenham, we recognise the need for early intervention to assess and put in place appropriate adjustments to support pupils for whom the universal strategies

for promoting good behavior are not effective. Any sanctions should consider the additional barriers the pupils may face.

Where a child has behavioural, emotional, or social difficulties and these are acute enough to become a barrier to learning despite the usual interventions of the school, the child may receive support through the SEN framework. This will be led by the SENCO, who will work with the class teacher, parents / carers, child and any other agencies.

BULLYING

Bullying is a complex area and needs tackling subtly and with the constant aim for our school to provide a safe, caring and protective environment for all our pupils. Bullying is the willful, conscious desire to hurt, threaten, frighten, or discriminate against someone else. It is a systematic and sustained approach rather than one isolated incident. Bullying can occur in a range of ways including verbal, physical and racial. Bullying can be a learned behaviour observed between adults, adults and pupils and between pupils. A one-off act of random physical or verbal attack against a child who happens to be in the wrong place at the wrong time is different (though clearly unacceptable).

At Davenham, bullying and other forms of unacceptable intimidation, including cyber bullying by internet or mobile phone, will not be tolerated. Bullying is wrong and damages individuals. We will therefore do all we can to prevent it by developing a school ethos in which bullying is regarded as unacceptable. This ethos is supported by our Behaviour Policy, Golden Rules, 4 Steps and the attitudes and examples set by both adults and pupils alike. All staff are encouraged to be vigilant and act promptly to intervene if there are any signs or reports of bullying.

ANTI - BULLYING POLICY

The Head teacher will implement the school Anti-Bullying Policy and ensure that all staff are aware of the school policy and know how to deal with incidents of bullying. She will ensure that staff are adequately trained to be equipped to deal with incidents of bullying and that all staff and pupils know that bullying is wrong and unacceptable behaviour in our school.

The Head teacher will report to the Board of Governors any incidents where bullying has found to have taken place. The Governing Board supports the Head teacher to eliminate bullying from our school and ensures that any incidents of bullying that do occur are dealt with seriously and appropriately.

Staff are required to keep accurate records of all incidents and the Head teacher is expected to report to the FGB on request about the effectiveness of school anti-bullying strategies. The GB will respond within ten days to any request from a parent to investigate incidents of bullying. The GB will notify the Head teacher and ask her to investigate the case and report back to Chair of Governors.

7. Where bullying has been found to have taken place, the parents / carers of all pupils concerned will be informed and involved in any reported incident and they will be expected to support this school policy.
8. Any cyber bullying of staff or pupils, in or out of school, must be reported and then investigated rigorously, in conjunction with any relevant authority including the police if appropriate.
9. Any victim of bullying will be well protected immediately and in the future.
