1 Thessalonians 5:11.

ACCESSIBILITY PLAN

Under the provisions of schedule 10 of the Equality Act 2010 and SEND Regulations 2014, Davenham recognises the need for implementing an Access Plan and will endeavor to ensure that adequate resources are made available to implement the plan effectively.

School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan and will ensure that the plan considers our SEND and the Equality, Diversity and Inclusion Policy.

The purpose of the school's plan is to

- Promote equality of opportunity between disabled people and other people.
- Eliminate discrimination that is unlawful under the Equality Act
- Eliminate harassment based on protected characteristics.
- Promote positive attitudes towards disabled people.
- Encourage participation by disabled people in public life.
- Ensure all SEND pupils can participate fully in the curriculum.
- Improve the physical environment of school to make it fully accessible to all.

DISABILITY

A disabled person is someone who has a physical or mental impairment which causes an adverse, substantial and long-term effect on their ability to complete normal daily activities or routines. Physical or mental impairment includes sensory impairments and also hidden impairments. According to the legislation, ‘substantial’ means ‘more than minor or trivial’. ‘Long-term’ means has lasted or is likely to last more than 12 months.

The definition is broad and includes a wide range of impairments, including learning disabilities, mental health, dyslexia, diabetes and

epilepsy. The definition can include a wide range of impairments, including hidden impairments such as autism, speech and language impairments and Attention Deficit Hyperactivity Disorder (ADHD).

ACCESSIBILITY

Davenham is organised on one level and some classrooms have doors which open directly onto the playground. We have 2 disabled car parking spaces for parents / carers and an accessible toilet facility.

Adaptations have been made to parts of the school building to ensure that children with specific needs have their needs met. Advice is sought from parents and other professionals when considering how to make school accessible for individual needs.

ASTHMA, ALLERGIES and FIRST AID

A list of children who have asthma is kept and inhalers for these children are kept in the classroom cupboard.

Children with food intolerances / allergies should be identified to the school; this information will then be clearly noted on their records and kitchen staff will be notified. A list of children who have known food allergies is kept and where EpiPens have been prescribed, these are kept in the classroom cupboard.

First Aiders will hold current certificates including Pediatric First Aiders. Medication is kept in a locked cupboard in the Staff Room. Medication should only be administered by staff who have completed specific training. Consent Forms must be completed by parents / carers.

Please refer to Medicines Policy.

VISION AND VALUES

It is our intention that all children at Davenham become confident, sociable individuals. We take a proactive approach towards disability equality and inclusion, ensuring that consideration of disabled members is embedded in all decision-making and activities.

Our vision for our community is that

- All stakeholders including pupils, prospective pupils, staff, governors and other members of the school community, are treated favorably and that wherever possible, reasonable steps and precautions are taken to avoid placing anyone at a disadvantage.
- We work closely with disabled pupils and their families, along with any outside agencies, to remove or minimise barriers to learning, allowing them to participate fully in the life of the school.

We will

- Identify pupils and prospective pupils who may need additional support and seek to understand their individual needs.
- Ensure staff are adequately trained and understand the legislation surrounding equality.
- Identify areas of the curriculum to which disabled pupils may have limited or no access to and make necessary adjustments wherever possible.
- Carry out an audit of the school building and grounds to which disabled pupils have limited or no access to and make necessary adjustments wherever possible.
- Review the way information is provided to disabled pupils and their families to ensure access for all.
- Report key statistics, without breaching Data Protection regulations.
- Carry out regular access audits to assess our strengths and areas for development, based on the needs of our whole school community.
- Undertake further monitoring of recruitment, retention and career development in relation to staff will be undertaken.
- Continue to ensure that school trips are planned on the basis that all pupils are included.
- The school will continue to adopt the Local Authority policy of guaranteeing an interview to job applicants with a disability, who meet the essential criteria. This is part of the Disability Confident Leader Award.
