

**Davenham Church of England Primary School**

***'...encourage one another and build each other up...'***  
**1 Thessalonians 5:11.**

**'Working Together, Playing Together, Serving God and Serving Others'**

## **POLICY FOR RELIGIOUS EDUCATION (RE)**

*'Religious education in a Church school should enable every child to flourish and to live life in all its fullness. (John 10:10).*

*It will help educate for dignity and respect encouraging all to live well together.*

*Such an approach is offered through a commitment to generous hospitality, being true to our underpinning faith, but with a deep respect for the integrity of other religious traditions (and worldviews) and for the religious freedom of each person.'*

*A Statement of Entitlement 2019*

*'Questful RE provokes challenging questions about meaning and purpose, truth and values, identity and belonging. Offering pupils authentic encounters with living faith communities Questful RE equips them with religious literacy and diversity dexterity.*

*We believe that quality RE has the potential, more than any other subject, to have the most powerful and lasting effect on the child's heart and mind. It is a subject that combines academic rigour with the development of the character and spirit of the child.'*

*Questful RE*

## THE IMPORTANCE OF RE AT DAVENHAM

RE has a high profile within our Church school curriculum. It provides pupils with a safe space to explore and reflect on their own personal beliefs and viewpoints and those of others. It helps to develop skills such as investigation, empathy, reflection, interpretation, enquiry and analysis.

As a Church of England Primary School, and in-line with statutory guidelines, the majority of work in RE is based on developing a deep understanding of Christianity as a diverse global religion. Alongside this, pupils learn about a range of religions and worldviews, including non-religious viewpoints. This helps them to see similarities and differences across a range of religions and worldviews and promotes a sense of respect for others.

### **This reflects of Christian vision of**

*'...encourage one another and build each other up...'*  
1 Thessalonians 5:11.

### **Our curriculum design encourages...**

**Our children to work collaboratively – to talk, to listen, to work and to play together in a variety of ways.**

**Our adults to recognise individual strengths and to support and encourage future growth by planning inspiring lessons and experiences in a variety of ways, so that long term memory is altered.**

### **As a result...**

**Every child flourishes and thrives in a Christian community where they feel safe to take risks and to learn from their mistakes because we encourage one another and build one another up.**

## INTENT

At Davenham, **our curriculum** has the following intents:

- It is underpinned by six core Christian Values - friendship, thankfulness, trust, forgiveness, compassion and koinonia.
- It builds upon and deepens children's knowledge with the aim of providing them with real life skills, enabling them to move into the world as confident, independent and considerate individuals.
- It provides knowledge in all subjects that builds sequentially through their time at primary school.

- It reflects our locality, the needs of our community and our links with the local church and Diocese.

## **RE INTENT**

It is our intent at Davenham to equip our pupils with the skills, knowledge and understanding necessary to become considerate and empathetic members of society.

Through RE, we intend to equip pupils with the ability to question and reason, supporting them to develop their own value system, to make responsible, reasoned decisions on spiritual and moral matters, and to adopt a sensitive, tolerant view of beliefs which may differ from their own.

RE contributes to the outworking of our Christian vision and associated values by allowing pupils to explore big questions together in a safe and supportive environment. Units have been organised to link to our half termly Christian values where applicable.

As a Church school, we aim to develop a link with our local church and diocese which further develops pupils' understanding of our local community.

## **IMPLEMENTATION**

Our **curriculum** will endeavour to implement the following:

- To deliver exciting, inspiring and memorable experiences so that children retain lifelong knowledge and skills.
- To support individuals, ensuring every child is challenged and supported appropriately in a happy and safe learning environment.
- To be thematic, so that children can understand links between subjects, ideas, skills and knowledge.
- To use visits, visitors and 'Theme Days' to offer a hands-on approach to learning.

## **RE IMPLEMENTATION**

RE at Davenham is taught from a two-year sequential and thematic rolling programme of units, so that pupils can achieve depth and balance in their learning.

A 'key question' is used as the driver for each unit of study.

Units have been organised to ensure sequential learning and progression across topics throughout year groups and across the school.

Consideration is given to how to challenge pupils as well as how pupils will be supported where necessary.

Pupils record their work in an RE book and /or a class floor book.

The local area, and in particular, links with our church and community, visitors and visits to places of worship are used to enhance the teaching of RE throughout school.

Enrichment Days help further develop pupils' curiosity and understanding of key festivals and events, for example Lunar New Year and Diwali Day.

## **IMPACT**

Our **curriculum** aims to have the following impact:

- To create resilient and independent learners who are knowledgeable and aware of their own strengths and areas for development.
- To develop well-rounded individuals who show respect for themselves and for others around them.
- To excite children and promote a love of learning which values each individual and equally recognises all achievements, including academic, artistic, musical, personal and sporting.

## **RE IMPACT**

At Davenham, we seek to ensure that all pupils in our school develop spiritually, academically, emotionally and morally to enable them to better understand themselves and others and to cope with the opportunities, challenges and responsibilities of living in a rapidly changing, multicultural world.

Regular Christian worship, celebrations of work along with RE displays help to celebrate the diversity of the school community and promote positive images of people in the wider community, including their beliefs, traditions, culture, language and history.

## **LEGAL REQUIREMENTS**

RE at Davenham is provided in accordance with the school's Trust Deed and in accordance with the rites, practices and doctrines of the Church of England. The Governing Body have adopted the Questful RE Planning Syllabus. This is supplemented by material from Understanding Christianity and other resources where appropriate. This fulfils all legal requirements and meets the RE Statement of Entitlement which states that:

- *In Church schools, Christianity should be the majority religion studied in each year group and should be at least 50% of curriculum time.*
- *Sufficient dedicated curriculum time, meeting explicitly RE objectives, however organised, should be committed to the delivery of RE. This should aim to be close to 10% but must be no less than 5% in key stages 1 and 2.*

## WITHDRAWAL FROM RE

Parents/carers have a legal right to withdraw their child from RE. We would ask any parent/carer considering this to contact the headteacher to discuss their concerns.

## TEACHING AND LEARNING

Our curriculum has been sequenced in a way that supports and enables progress and deeper understanding. There are opportunities for pupil to explore texts, beliefs, rituals and practices across a range of world religions and non-religious viewpoints.

We use an enquiry-based approach to encourage pupils to ask and answer questions about Christianity, world religions and non-religious viewpoints.

We support pupils to enquire, analyse, interpret, evaluate and reflect. Pupils are encouraged to consider their relationships with themselves, with others, with the world around them and where appropriate, with God.

Pupils learn about different viewpoints\*, including non-religious viewpoints. They are encouraged to develop their own personal viewpoint.

*\*A viewpoint refers to a person's way of understanding, experiencing, and responding to the world.*

*Statement of Entitlement 2019*

Pupils engage in a wide range of activities which include written work, discussion, debate and creative activities such as artwork or music.

## THE THREE TYPES OF KNOWLEDGE IN RE

<b>Substantive</b>	<b>Disciplinary</b>	<b>Personal</b>
Subject content which is clearly organised throughout the curriculum.	The 'ways of knowing' – how pupils engage with the subject content.	Pupils becoming more aware of their own worldviews.

## THE WAYS OF KNOWING IN RE (A MULTI-DISCIPLINARY APPROACH)

When teaching RE, we use a multi-disciplinary lens approach. This refers to the different academic disciples of theology, philosophy and human sciences.

<b>Theology</b>	The study of the things that people BELIEVE	Exploring where beliefs come from and how they have changed over time.
<b>Philosophy</b>	What we KNOW and how we know it.	Asking questions about how people think or reason about the world around them. How we know what is true or real.
<b>Human Sciences</b>	The ways in which people LIVE their lives.	Asking questions about how people live and why they live the ways they do.

## PLANNING

Our curriculum planning is based on a two-year, thematic and sequential rolling programme. These link where possible to our six Christian values\*. We use the Questful RE Planning Syllabus.

*‘Questful RE promotes the explicit teaching of Christian concepts and God’s big salvation story, therefore the content of this syllabus gives pupils a deeper understanding of Christianity. Through an open investigative enquiry approach pupils are given the opportunity to explore major religions and world views. The large number of questions included in each unit is a key feature of the syllabus. As pupils explore these questions, they will discover more about themselves, their relationships with others, their relationship with the world around them and their relationship with God. They have all the elements you will find in most of the Units, including a link to world faiths, a dive deeper section, which can be used to challenge pupils further, and a section with resources for teachers.’*

We supplement Questful units with material from Understanding Christianity and where applicable other resources, such as RE Today.

## CONCEPTS COVERED IN 2 YEAR CYCLE

This bespoke curriculum has been tailored (with the guidance of our diocesan advisor) to ensure progression through year groups and our 2-year cycle. The curriculum has been designed to reflect the context of our school and the needs of our pupils.

See Long Term Plan for RE.

## Early Years Foundation Stage (EYFS)

In addition to the Questful RE Syllabus and Chester Diocese guidelines, EYFS uses the Early Years Foundation Stage Framework to plan for RE through the three prime areas, namely communication and language, physical development and personal, social and emotional development and four specific areas of

learning, namely literacy, mathematics, understanding of the world and expressive arts and design. All areas are delivered through a balance of adult led and child-initiated activities. Little recording is undertaken at this stage but there may be photographic evidence of pupil's work or notes made by the teacher.

Pupils are given opportunities to talk about past and present events in their own lives and those of their family. They learn that other pupils do not always enjoy the same things and are encouraged to be sensitive to this. They learn about similarities and differences between themselves and others, and among families, communities and traditions.

By incorporating all the areas, specific and prime areas of learning means that we do not look at anything in isolation but consider Christian values throughout all our activities and discussions.

## **RELIGION AND WORLDVIEWS**

Pupils are supported to systematically build disciplinary and personal knowledge by focusing on fewer religions and worldviews.

Teaching focuses on the lived reality of **people** who follow that religious or non-religious viewpoint. Stereotypes and generalisations are avoided. This supports pupils to understand that different people may hold different viewpoints or follow different traditions even though they belong to the same religion.

### **KEY STAGE ONE (KS1)**

As well as learning about different religions and non-religious viewpoints, pupils also develop their ability to respond to what they have learnt. They are encouraged to develop their own personal viewpoint.

### **KEY STAGE TWO (KS2)**

In KS2, pupils learn about Christianity and a range of religions and worldviews and how these religions influence individuals, communities, society and the world. Pupils also learn about non-religious viewpoints, including Humanism.

As well as learning about religions, pupil also develop their ability to respond to what they have learnt. They are encouraged to develop their own personal viewpoint.

### **DIWALI DAY**

Each year, we hold a Diwali Day. Pupils explore this festival in a progressive way across the whole school. They compare this festival to the way Christians celebrate Christmas. They explore the way light is used across many world religions as an important symbol. This is also linked to our Christian vision of being 'people of the day, people of the light.'

### **A variety of strategies are employed in teaching RE throughout school:**

- Using the Bible and other religious texts as a resource.
- Providing opportunities for hearing and reading stories from some of the principal religions.
- Introducing pupils to some of the ways in which people mark important events through festivals and celebrations.
- Exploring some important aspects of religion through artefacts.
- Visiting places of religious significance, e.g., St. Wilfrid's Church and other places of worship.
- Visitors to school representing Christianity and different world religions and viewpoints.
- Using resources further afield (e.g., Manchester, Liverpool) to visit places of worship and visit museums.
- Looking at the lives of contemporary significant religious people.
- Providing opportunities for personal reflection and the development of personal viewpoints and values.
- Introducing pupils to some of the ways in which religious belief is expressed, e.g., in literature, art, music, architecture.
- Using a wide range of creative teaching methods, including art and music.

### **ASSESSMENT, MARKING AND ADAPTATION**

We assess work in RE in a variety of ways. This may be against knowledge and skills covered in individual lessons or against key questions at the end of a unit. Informal and formal judgements are made as we observe pupils during lessons.

Work may be adapted to suit the needs of individuals. Due to the nature of the subject work may also be discussion based. Next steps should be planned for by the teacher and through discussion with the individual pupil.

Work is marked according to the school marking policy with a focus on next steps for development. In terms of spelling corrections, the focus should be on religious words.

Where appropriate, pupils should be provided with feedback which celebrates their achievements (Tickled Pink) and allows them to focus on the next steps in their learning (Green for Growth).

Feedback to parents/ carers is undertaken through termly meetings and through the annual school written report.

### **SPECIAL EDUCATIONAL NEEDS (SEND)**

Pupils with SEND participate fully within the classroom. They are also given extra support provided by the SENCO or by the teaching assistants.

They include: -

- 'Quality First' teaching in the classroom.
- pupils with difficulties in learning to read, write and/or spell, are given extra learning experiences with an adult.
- the undertaking of Makaton training by several staff.

Pupils for whom English is a second language will be catered for appropriately.

Pupils who have a particular flair for or show a deeper understanding of RE are extended through the use of a wide variety of materials and projects to encourage deeper learning of their curriculum.

## **RESOURCES**

RE resources are stored centrally. The library and classroom book baskets all contain a supply of RE topic books, prayer books and bibles to support individual research.

All classrooms have a Prayer Space / Reflective Area.

EYFS pupils are presented with a Bible at our Education Sunday service in September.

Year 6 pupils are presented with a Prayer Book as a leaving gift.

## **THE SUBJECT LEADER AND MONITORING**

The headteacher has overall responsibility for the monitoring and evaluation of RE. The headteacher supports the subject leader/s where appropriate.

Monitoring of the standards of pupils' work and of the quality of teaching in RE is the responsibility of the RE leader/s. This includes book looks, planning scrutiny, lesson observations and pupil voice.

The work of the RE leader/s also involves supporting colleagues in the planning and teaching of RE, being informed about current developments in the subject and providing a strategic lead and direction for the subject in the school.

The RE leader/s are responsible for drawing up an annual Action Plan. This will be informed by monitoring and evaluation activities.

The RE leader/s takes the lead in policy development and the introduction of schemes of work designed to ensure progression and continuity in RE throughout the school.

The RE leader/s takes responsibility for the purchase and organisation of resources.

## **CONTINUOUS PROFESSION DEVELOPMENT (CPD)**

*The Statement of Entitlement states that:*

*'Pupils in Church schools are entitled to be taught by teachers who have a secure subject knowledge and are confident in helping them navigate and challenge cultural and religious stereotypes, prejudice and extremism.'*

As such, continuous professional development takes high priority. This may be delivered in-house or supported by experts, including training from Chester Diocese. The school is part of the Family of Schools and as such accesses regular support from the Diocesan Advisor.

Subject leaders are encouraged to develop their own subject knowledge through continuous professional development and to cascade this information to other staff and governors.

Staff meetings are held to discuss the RE curriculum and ensure consistency of long-term, medium-term and short-term plans.

## **PARENTS AND CARERS AS PARTNERS**

Each term, parents/carers are provided with a 'Topic Map' which outlines units of study for that term.

## **EQUAL OPPORTUNITIES**

Within RE, the curriculum is designed and monitored to give maximum opportunities to all pupils in school and to have regard for the progress and attainment of each individual pupil at any given time.

The RE curriculum is accessible to all pupils. All pupils are encouraged to take part in all activities. The school strives to ensure that the culture and ethos of the school is one in which everyone is equally valued and treats one another with respect.

This school believes that each pupil and adult within the school community is unique, has rights and responsibilities and should be treated equally and with respect.

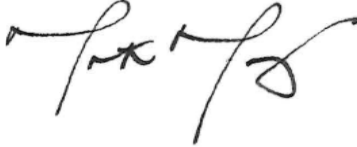

### **EQUALITY STATEMENT**

*Davenham Primary School is committed to ensuring equality of opportunity for all children, staff, parents, carers and visitors irrespective of their race, sex, gender identity, disability, religion or belief, sexual orientation, marital status, age or pregnancy and maternity. We tackle discrimination through the positive promotion of equality, by valuing diversity, challenging bullying and stereotypes and by creating an inclusive environment which champions fairness and respect for all.*
